*The schedule*

# Mulhouse...

A one-of-a-kind wonderland

**Soak up the Christmas magic in Mulhouse from November 24<sup>th</sup> to**

**December 27<sup>th</sup>.** Mulhouse gets glammed up and its heart beats to the rhythm of this unique fairytale season. Mulhouse's authentic and traditional Christmas Market has stood out by showcasing its industrial heritage since it was founded 28 years ago. Creation, innovation and community involvement are key to this exciting time. Mulhouse showcases its unique features! Mulhouse is actually the only city in France to design a new Christmas fabric every year. The cloth is part of an actual collection. It adorns the chalets and entire setting from Place de la Réunion to Place des Cordiers, des Victoires and of course the Christmas tree. It may be the City of Cloth but it's also the land of bredala biscuits and mulled wine!

This year's Christmas market is based on the Advent calendar and events focus on saints from the nativity in a schedule packed with Alsatian Christmas traditions! Textile design takes pride of place in the Christmas and Creation Chalet every day (except Wednesday) from the market launch. A series of over thirty stylists, seamstresses and designers making clothing, household linen, homeware, jewellery, bags, hats, scarves and other accessories will unveil their 2018 collections.

Mulhouse Christmas market has a unique, warm and festive atmosphere blended with the artisan products, food, drink and decorations you'd expect from an Alsatian Christmas. Guided tours, stories, songs, Advent concerts and workshops await.

## Illuminations that light the way for your exploration of the city

The illuminations are given a fresh look every year and add a glimmer of wonder to the Christmas market by taking inspiration from the cloth's patterns and Alsatian Christmas symbols. They invite you to wander around Mulhouse's streets and soak up the city's friendly and festive atmosphere.

## 2018 cloth

Marie-Jo Gebel was inspired by the elegance of the first cashmere patterns that appeared in the 1810s in India and Europe for the new 2018 «Homage» cloth collection. These cloths were woven with super-soft cashmere yarn. Cashmere patterns were printed in England and Alsace from the early 19th century which tended to be cotton scarves and handkerchiefs before the famous shawls appeared in 1840. These palmettes were sent all over the world. It encapsulates the standard of work by designers, chemists, engravers and printers in Mulhouse. The 2018 cloth is our «Homage» to them. The cloth is approved by Alsace Terre Textile and 100% made in Alsace!
